# Consiglio Nazionale delle Ricerche

The National Research Council (CNR) is the largest public research institution in Italy, the only one under the Research Ministry performing multidisciplinary activities.

CNR's mission is

- **to perform research** in its own Institutes
- **to promote innovation** and competitiveness of the national industrial system
- **to promote the internationalization of the national research system**
- **to provide technologies and solutions** to emerging public and private needs
- **to advice Government** and other public bodies
- **to contribute to the qualification of human resources**

**Cli-CC.HE**

Climate Change, Cities,  
Communities and Equity in Health

# Team Project

## Clinical and Environmental Epidemiology of Pulmonary and Allergic Diseases- CEEPAPD Research Unit

## Administrative and Communication Staff

**Stefania La Grutta**  
Research Director

**Velia Malizia**  
Researcher

**Salvatore Fasola**  
PostDoc Research Fellow

**To be defined....as soon is possible**

**Cli-CC.HE**  
Climate Change, Cities,  
Communities and Equity in Health

# CNR tasks

- ❑ coordinating the production of Urban planning guidelines oriented to health and climate change mitigation practices (**R4**);
- ❑ organizing the 3rd (**Final**) Project Meeting;
- ❑ organizing the **Final Conference in Palermo.**

University of  
Belgrade

**iscte** INSTITUTO  
UNIVERSITÁRIO  
DE LISBOA

- ❑ selecting experiences and research products for the catalogue addressing the issue of health and climate change in urban areas (**R1**);
- ❑ providing scientific support in the identification of the criteria that define the Climate and Health Profile (CHP) Model (**R2**);
- ❑ delivering the health profile questionnaire and preparing the Application form: District's Climatic Analysis of the "Scenario 0 and Future Climatic Scenarios" (**R3**).

Result ID	Leading Organisation	Result Title	Starting Period	Ending Period	Grant
4	CONSIGLIO NAZIONALE DELLE RICERCHE (E10209413 - Italy)	Urban planning guidelines oriented to health and climate change mitigation practices	01-04-2023	31-10-2023	46000

**Result description**: This Result will consist of a **document composed of instructions and checklists** that will help higher education institutions and public administrations to better define and evaluate urban policies. The **guidelines will consider some central themes of urban planning, such as mobility, green areas, open spaces, and by assessing people's needs, risk perception, and quality of life**. This kind of analysis will allow selecting the "optimal" scenario for each target area.

**Specific tasks:**

- **Preparation of questionnaires** that evaluate the effects of shared projects' scenarios on citizens' health, and help students and other workshop actors to select "the optimal scenarios";
- **Development of the guidelines** on how to illustrate how to use the questionnaires and the checklist.

**Start Date (delayed 2 months) 01-06-2023 - End Date 31-12-2023**
